

Using Duo at Multiple Institutions

To use Duo at more than one institution complete the following setup process:

After opting in to Duo start the setup process at your next login.

1. Choose Your Authentication Device Type. Select the type of device you'd like to enroll and click Continue. We recommend using a smartphone for the best experience.

The screenshot shows the Duo Mobile enrollment interface for Android. On the left is the Salisbury University logo and navigation links: "What is this?", "Add a new device", "My Settings & Devices", and "Need help?". Below these links is the text "Powered by Duo Security". The main content area has the heading "What type of phone is YOUR NUMBER ?" and four radio button options: "iPhone", "Android" (which is selected), "Windows Phone", and "Other (and cell phones)". At the bottom are "Back" and "Continue" buttons.

4. Return to the enrollment window and click I have Duo Mobile installed.
a. Duo for Apple
b. Duo for Android

This screenshot is identical to the one above, showing the "What type of phone is" selection screen with "Android" selected.

The screenshot shows the Duo Mobile enrollment interface for iOS. On the left is the Salisbury University logo and navigation links: "What is this?", "Add a new device", "My Settings & Devices", and "Need help?". Below these links is the text "Powered by Duo Security". The main content area has the heading "Install Duo Mobile for iOS" and a list of two steps: "1. Launch the App Store app and search for 'Duo Mobile'." and "2. Tap 'Get' and then 'Install' to download the app." To the left of the steps is a graphic of an iPhone displaying the Duo Mobile app card in the App Store with a "GET" button. At the bottom are "Back" and "I have Duo Mobile installed" buttons.

5. Open your installed Duo Mobile App and select the + on the top right .
